HOW DOES THIS ACTIVITY LINK TO THE CURRICULUM?

During our sessions we highlight key areas of the National Curriculum. This benefits students as they can relate skills to real life.

IMPERIAL WAR MUSEUM, DUXFORD

[IWM Duxford School Visits, Trips And Learning Sessions | IWM](#)

This historic site offers a unique insight into conflict and over a century of aviation. See aircraft take to the skies from the airfield that Spitfires first flew.

School groups can choose to take part in a variety of learning sessions, aimed at KS2-4 and led by one of their expert educators. Alternatively, groups can opt to explore the museum on a free self-guided visit.

ROCKET RACER CHALLENGE

STEM

Get ready for an exciting day of engineering and marketing! Year 8 students will have the opportunity to put their skills to the test by designing, building, and marketing rocket cars. These cars will be launched along the ground using an air-powered rocket launcher.

Throughout the day, students will work in small teams to create, test, and race their rocket cars. In addition to the technical challenge, each team will develop a marketing plan to promote their creation. This event will allow pupils to showcase their leadership, creativity, and communication skills as they strive to produce the most successful rocket car and marketing campaign.

Students will develop a range of valuable skills, including teamwork, problem-solving, and strategic thinking. This hands-on experience is designed to inspire and prepare them for future STEM opportunities.
