Namibia Expedition

Good luck to all those departing on the expedition to Namibia! Everyone involved has worked very hard in preparation, raising money with a coin trail and other

fundraising activities. During the expedition they will be exploring, and volunteering to repair and improve a local school. Many thanks to Mrs Amps

and all other staff involved with arranging the expedition, and we hope that everyone has a fantastic time in Namibia.

Bags Packed! Students and staff ready to leave school for Heathrow Airport.

Pride Month Fundraiser

As you may know, June was Pride Month! To celebrate, the LGBTQ+ EDI ran a fundraiser for the Kite Trust, a charity who supports the wellbeing and creativity of queer young people in the local area. Almost **£420** was raised for the charity!

There was even a live band under the Humanities bridge!

Leavers' Service

The Leavers' Service was this term – a time to reflect on the journeys of the leaving Year 13s and Year 11s. They will all be dearly missed at the school but we hope that whatever happens next, they live life to the fullest.

Recipe of the Month

As a nice treat for the summertime, we have a simple yet refreshing recipe to share with you this month – homemade lemonade!

Makes approx. 1 litre of lemonade

Ingredients

- 5 lemons
- 100g caster sugar
- Water, at most 1 litre

And for something a little more exciting, why not also try raspberry lemonade?

- A punnet of raspberries

Method

1. Prepare a large (1 litre) jug.
2. Juice the lemons.
3. Add the lemon juice to the jug. It's a good idea to use a sieve or strainer to prevent any seeds or bits of pith from ending up in the lemonade.
4. If making raspberry lemonade;
 - a. Juice the raspberries. This can be done with a blender or juicer, but you can also crush the raspberries manually and pour water over to extract the juice.
 - b. Add the raspberry juice to the jug.
5. Add the caster sugar to the jug and stir well with a tablespoon.
6. Add water until the jug is almost full.
7. Stir more, until all the sugar has dissolved.
8. Place in the fridge and leave to chill for an hour or so.
9. Pour into cups and add ice if desired.
10. Enjoy!
