5. Policy Content

5.1. Data Protection Principles

- 5.1.1. The GDPR provides a set of principles which govern how the School handles personal data. In summary, these principles state that personal data must be:

- Processed lawfully, fairly and in a transparent manner
- Collected for specified, explicit and legitimate purposes and not further processed in a manner that is incompatible with those purposes
- Adequate, relevant and limited to what is necessary for the purpose it was processed
- Accurate and where necessary kept up to date
- Kept for no longer than is necessary
- Processed in a manner that ensures appropriate security of the data

- 5.1.2. The School shall have appropriate measures and records in place to demonstrate compliance with the data protection principles (accountability principle).

- 5.1.3. All individuals processing personal data controlled by the school shall comply with the data protection principles in the following manner:

5.2. Lawfulness, Fairness and Transparency

- 5.2.1. Lawful processing

- 5.2.2. Personal data will only be processed where there is a lawful basis for doing so. This will be where at least one of the following applies:

- The data subject has given consent.
- It is necessary for contractual purposes.
- It is necessary to comply with the law.
- It is necessary to protect someone's life.
- It is necessary to carry out our official tasks or functions, or other specific tasks in the public interest.
- It is necessary our legitimate interests as a school (where applicable) or third party, except where such interests are overridden by the data subject.

- 5.2.3. When special categories of personal data are processed (for example data which reveals a person's racial or ethnic data; political opinions; religious or philosophical beliefs; trade union membership; genetic or biometric data; health data; sex life or sexual orientation), this shall only be done where a lawful basis has been identified from the list above, and one from the following list:

- The data subject has given explicit consent.
- The processing is necessary for employment, social security or social protection (e.g. safeguarding individuals at risk; protection against unlawful acts; prevention against fraud).
- It is necessary to protect the data subject's life and they are physically or legally incapable of giving consent.
- The data has been made public by the data subject.

- The processing is necessary in relation to legal claims.
- The processing is necessary for reasons of substantial public interest.
- The processing is necessary for health or social care.
- The processing is necessary for public health.
- The processing is necessary for archiving, research or statistical purposes.

5.2.4. Consent

Most of the School's processing of personal data will not require consent from data subjects (or their parents/carers as appropriate), as the school needs to process this data in order to carry out its official tasks and public duties as a school.

5.2.5. However, there are circumstances when the school is required to obtain consent to process personal data, for example:

- To collect and use biometric information (such as fingerprints) for identification purposes.
- To send direct marketing or fundraising information by email or text, where the data subject would not have a reasonable expectation that their data would be used in this way or have objected to this.
- To take and use photographs, digital or video images and displaying, publishing or sharing these in a public arena such as
 - On social media/YouTube;
 - On the School website;
 - In the Press / media / Old Petriburgian;
 - In the School prospectus;
 - In the School newsletter etc),

where the data subject would not have a reasonable expectation that their images would be used in this way, or the rights of the data subject override the legitimate interests of the School.

- To share personal data with third parties (for example professionals, agencies or organisations) where the data subject has a genuine choice as to whether their data will be shared, for example when offering services which the data subject does not have to accept or agree to receive.

5.2.6. When the School relies on consent as its lawful basis, it shall ensure the person providing it has positively opted-in to the proposed activity and is fully informed as to what they are consenting to and any non-obvious consequences of giving or refusing that consent. Consent shall not be assumed as being given if no response has been received e.g. a consent form has not been returned. Where consent is being obtained for the collection or use of children's information, consent shall be obtained from a parent or guardian until the child reaches the age of 12. Consent shall be obtained directly from children aged 13 years and over where those children are deemed by the School to have sufficient maturity to make the decision themselves (except where this is not in the best interests of the child. In such cases, consent will be obtained from an adult with parental responsibility for that child).

5.2.7. The School shall ensure that where consent is obtained, there is a record of this. Where possible, consent shall be obtained in writing. All forms requesting consent shall include a statement informing the person of their right to withdraw, and an email address so they may notify the school of any changes or withdrawal of consent.

5.2.8. Fairness and transparency

5.2.9. The School shall be fair, open and transparent in the way it handles personal data, and will publish privacy notices which explain:

- What personal data the School processes and why
- What our lawful basis is when we process that data
- Who we might share that data with
- If we intend to transfer the data abroad
- How long we keep the data for
- What rights data subjects have in relation to their data
- Who our Data Protection Officer is and how to contact them

5.2.10. The School's privacy notices shall be clear, concise, easily accessible and published on the School's website. All forms collecting personal data shall include reference to the School's privacy notices and a link provided to their location.

5.3. Purpose Limitation

5.3.1. The School shall collect personal data for specified (i.e. as described in the school's privacy notices), explicit and legitimate purposes and shall not process this data in any way which could be considered incompatible with those purposes (e.g. using the data for a different and unexpected purpose).

5.4. Data Minimisation

5.4.1. The School shall ensure the personal data it processes is adequate, relevant and limited to what is necessary for the purpose(s) it was collected for.

5.5. Accuracy of Data

5.5.1. The School shall take all reasonable efforts to ensure the personal data it holds is accurate and where necessary kept up to date. Where personal data is found to be inaccurate this information will be corrected or erased without delay.

5.5.3. The School shall carry out periodic sample checks of pupil and employee files containing personal data, to ensure the data is accurate and up to date.

5.6. Storage Limitation and Disposal of Data

5.6.1. The School shall keep personal data for no longer than is necessary for the purpose(s) of the processing. The School shall maintain and follow a Record Retention Schedule, which sets out the timeframes for retaining personal data. 5.14.2. Due diligence checks on prospective data processors shall be carried out alongside the Data Protection Officer. A record shall be kept of the School's findings on a Data Protection Impact Assessment (DPIA) report.
