

16 May 2024

Dear Parents & Carers,

You will recall that during the first term of the year, pupils raised money to perform an operation on a child through the charity Smile Train. We have now received pictures of the child, both before and after the operation. His name is Damien and he lives in Nicaragua. We have explained to the pupils how much of a positive difference this will make to his life, and we wanted to thank you for your support as well.

Our Year 6 children are underway with the SATs tests, and conducting themselves very well. The tests will finish on Thursday.

Bikeability - Year 6

Year 6 Bikeability starts on Monday 20 May. Pupils can come to School wearing their cycling clothes, but need their full uniform in a bag to change into later in the day.

We are able to store bicycles in the Art Room at JD overnight. If it helps parents, then bicycles could arrive in School on Friday 17 May if it is easier for you than getting them here on Monday morning. Bicycles should be collected on Thursday 23 May after school, but we can store them until the Friday if that helps.

Uniform

Some of our youngest pupils have been coming to School wearing shorts under their skirts. Please don't allow your child to do this. In rare cases, the class teacher may approve this for a specific reason, but any requests should be directed to Miss Martin. Some girls may wish to ask if they can wear shorts this way during breaktime if they are planning on lots of cartwheels, but they will need to ask their teacher for permission each time.

Yours faithfully,

Mr D Ludford
Head of Junior Department
