### Safety Code of Practice during the We're a Knockout Games

- Every effort has been made to maintain the safe use of the inflatables in accordance with Sections 2-6 of the Health and Safety at Act Work etc. Act 1972 and the Amusement Devices Inspection Procedures Scheme (ADIPS).
- It must be recognised that the use of such equipment **does** present each competitor with an additional exposure to risk. The use of inflatables within the knockout tournament is by its very nature boisterous. Whilst we take steps to keep this to a minimum we cannot exclude it entirely, you therefore must recognise the risk of injury and are volunteering to accept that risk in taking part.
- As a result, a Safety Code of Practice has been drawn up under the guidance of ADIPS for the conduct of participants whilst using inflatables.
- It is mandatory that each participant must sign this sheet in order to declare they have read the Code of Practice prior to commencing the activities. Any participant under the age of 18 will not be allowed to take part in the We're a Knockout competition without the consent and counter signature of a parent or guardian.
- Prior to commencing the We're a Knockout games, every competitor **MUST** carry out a warm up routine under the guidance to the We're a Knockout team and **MUST** be present at the safety briefing.
