A Family Achieving Excellence

12 February 2019

Dear Parents & Carers,

Parents' Consultation Evening - Tuesday 12 February and Thursday 14 February

We are looking forward to seeing you at our Parents' Consultation Evenings. JD1 will be seen upstairs and JD2 will be seen downstairs.

#### Badges

Please ensure that all pupils wear a House badge on their blazer as part of the School uniform. They can be purchased from the School Shop for £2.75.

Yours faithfully,

Mr D Ludford  
Head of Junior Department

## Puppets!

This week in JD2 we made puppets to match our designs. The designs had to be a celebrity or a member of our family.

First, we bought in a one pint milk bottle which was going to be the head. After Mr Ludford helped us put our wooden dowels inside the milk bottle, we painted the head. After a couple of coats of paint, we started to bring our puppets to life. Using the top third of a plastic bottle we made it's body and were ready to add arms. We punched two holes either side of the body and threaded the string through the holes. Next we cut two plastic straws long enough for it's arms and to give our puppets elbows. Double sided sticky tape was used to attach the puppet's hands to the string. More double sided sticky tape was used to attach chopsticks to the hands so that we could control the

puppets. Even more double sided sticky tape was used to add on eyeballs and facial hair. The final stage of making our puppets was to put their clothes on. Some people used felt or fabric to make cloaks, suits, dresses or shirts. JD2 had a fabulous time making them!

## JD1's Rutland Water Hike!

On Friday 8th February, JD1 went to Rutland Water on a hike. Unfortunately, it was a very windy day but that didn't stop them. First, they walked from the car park to Normanton church. Then, they found some trees to shelter under away from the wind and drizzle and had a quick snack. When they reached

the dam, the wind suddenly got even stronger but they battled on. Across the dam, JD1 had a great idea! They crouched down behind the wall to protect themselves from the wind. Once they got across the dam, JD1 realized that the wind had eased off. Finally, they had reached the warm, dry Visitors Centre for a well

deserved lunch. After lunch, JD1 went to Bugtopia, they saw a lot of fantastic creatures from the rainforest. Some of their favourites were: Meerkats, Lizards, Tarantulas, Tortoises and hibernating ants. They also got to hold a cockroach, a Gecko and a Royal Snake called Elizabeth!
